asean TMview

DESIGN EUROPA 2018

What is TMview?

TMview shows trade mark information. It is:

- Free to use.
- Available 24 hours a day, seven days a week.
- Updated daily by the trade mark offices.
- Available in at least one official language of each integrated office.

How can TMview help you?

Use TMview to:

- Check the availability of your idea for a trade mark name.
- Find out the goods and services protected by your competitors' trade marks.
- Receive updates on selected trade marks for: Change of status, change of name and end of opposition period.

ASEAN TMclass is an online, multi-lingual, consultation tool offering free-of-charge access to a database of terms accepted by the participating ASEAN IP Offices as suitable to identify goods and services for the purposes of the registration of marks.

ASEAN TMclass helps you search for and verify the correct classification of those terms for goods or services in accordance with the criteria established by the International Classification (Nice Agreement). You can also verify whether a particular term is accepted by any of the participating Offices highlighted below and get translations of those terms into the working language of that Office.

ASEAN TMclass has been developed by the Intellectual Property Offices of the ASEAN Member States with the support of the EU-ASEAN Project on the Protection of Intellectual Property Rights (ECAP III Phase II) administered by the European Union Intellectual Property Office (EUIPO).

7-ASEAN-GI Database

- ASEAN GI Database is the common online geographical indications platform of the ASEAN Member States aimed at making the information of all registered geographical indications in the ASEAN region widely available and easily accessible to all interested stakeholders.

geographical indications in the ASEAN region widely available and easily accessible to all interested stakeholders.

ASEAN GI database gives you the possibility to explore the GI landscape in the ASEAN region in a user-friendly and powerful way.

It contains information on geographical indications having effects in the ASEAN countries, including comprehensive information fiches with the most relevant information for each one of them.

ASEAN GI Database has been developed and regularly updated by the Intellectual Property Offices of the ASEAN Member States with the support of the EU-ASEAN Project on the Protection of Intellectual Property Rights (ECAP III Phase II) and the ARISE Plus Intellectual Property Rights (ARISE+ IPR), funded by the European Union and implemented by the European Union Intellectual Property Office (EUIPO).
